Certi-Split® Handsplit Shakes

These shakes have split faces and sawn backs. Cedar logs are first cut into desired lengths. Blanks or boards of proper thickness are split and then run diagonally through a bandsaw to produce 2 tapered shapes from each blank. Available in Premium Grade (100% edge grain) or Number 1 Grade (Up to 20% flat grain allowed in each bundle).

Certi-Sawn® Tapersawn Shakes

These shakes are sawn on both sides. Premium and Number 1 grades are the most common. Premium Grade is 100% edge grain, 100% clear, and 100% heartwood. Number 1 Grade allows up to 20% flat grain in each bundle. Number 2 and 3 grades are also available.
